Nancy;

Here are the contacts we have at the Dragoon Women's Club.

Following that are the results from Arizona Department of Water Resources search that Alison did. All 4 of these wells are upgradient of Gunnison Project. We had understood that Amerind got their water from a well in Dragoon, but if so, it is not registered to them.

Let me know if you have any questions.

Amerind has 4 wells in Cochise County. Two are very old and have depths of 23 and 18 feet. These wells are located on the S side of I-10 about 2 miles west of the town of Dragoon. The two deeper wells are located DUE WEST of Dragoon by about 6 miles on the N flank of Adams Peak. They are about 750 feet deep and in the Texas Canyon Qtz Monzonite.

See output from ADWR records below.

All of the wells are exempt, which means the pumps don't do more than 35 gpm.

AJ

The screenshot displays the 'Well Registry Search' web application. At the top right, there is a search box labeled 'Search by Owner Name' with 'Amerind' entered. Below it is a 'Start Over' button. A navigation bar contains links for 'Well Info', 'Imaged Record', 'Map', 'Data Export', 'Pump Data Export', and 'Help'. To the right of the navigation bar is a 'Filter Well Type' dropdown menu set to 'No Filter / All Well Types'. The main area shows a table of search results with columns: 'Reg No.', 'GWSI Site ID', 'Cadastral', 'Owner Name', 'Well Type', and 'Well D (ft)'. Four results are listed, all owned by 'AMERINDIAN FOUNDATIO,' and all are 'EXEMPT'. The first three results have checkboxes in the left margin, and the fourth is selected with a checkmark.

	Reg No.	GWSI Site ID	Cadastral	Owner Name	Well Type	Well D (ft)
